This book is an invaluable record of a culture in transition, handsomely illustrated with photographs. TCD of the sixties was an unusual, even unique institution, where a motley collection of students from England, Ireland, and many other parts of the world came together at a fascinating time in the post-war period. Trinity Tales explores this sixties milieu through thirty-six different autobiographical lenses, including works by Derek Mahon, Brendan Kennelly, Edna and Michael Longley, Roy Foster, Jeremy Lewis, Ray Lynott, Rock Brynner, and Donnell Deeny. "[A] delightful collection."-Book News.
